Registered Charity No: 243965

Report for the Annual Parish Meeting

23rd April 2018

My report for this year will be very similar to last. There has been ongoing activity for the year as we liaise with solicitors over the potential transfer of the assets (the field itself) to the Village Institute charity. The land has been registered (we last reported that we had started the process).

Other than the above, the charity has not created any income. It has however, been loaned money by the parish council to enable the legal fees to be paid as solicitors provide their professional advice. These will be repaid to the parish council upon the receipt of any sales money.
